

Finding information: Where to start? A quick guide for Public Health staff

LIBRARY & KNOWLEDGE SERVICE WEBSITE

To find information about what the Library & Knowledge Service provides, visit our website:
<https://lks.sfh-tr.nhs.uk>.

- From [Our Services](#) webpage, download a membership form and return it to: library.sfht@nhs.net
- Search our [online catalogue](#) for books, eBooks and free leaflets. Enter your search term(s) in the search box and choose **King's Mill Hospital (KMH)** from the drop-down list of libraries. Click on the search button.
- Contact us for an evidence search by downloading an [online request form](#) and returning it to the library.sfht@nhs.net
- Find out about the [information skills training](#) sessions we offer.

SIGN UP FOR OPENATHENS

OpenAthens is an authentication account giving you access with a single sign-on to high-quality digital resources from an extensive NHS-funded collection, including eBooks, journals, study aids, health databases and more.

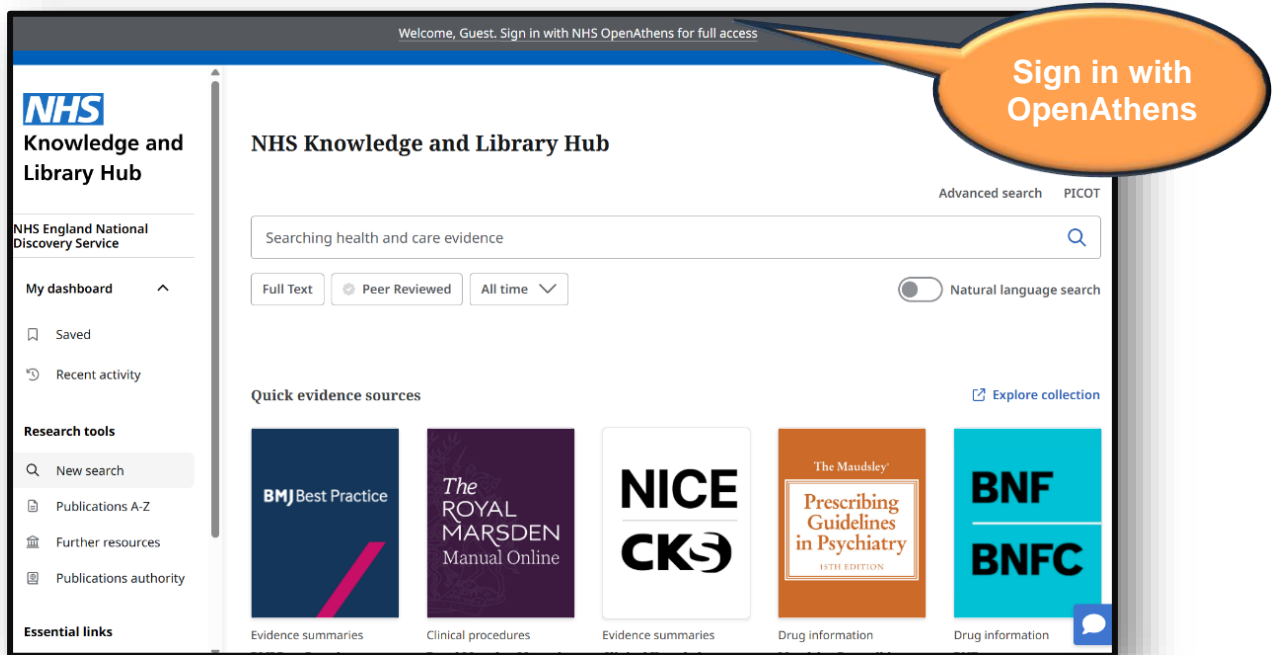

- Register at <https://openathens.nice.org.uk/>
- When completing the form select **Public Health staff in Nottingham City and Nottinghamshire County** as your organisation.

NHS KNOWLEDGE & LIBRARY HUB

An online platform connecting you to high-quality knowledge and evidence resources all in one place. To access these resources sign in with your OpenAthens account:

- Journals, books and databases
- Clinical decision support resources including NICE guidelines and BMJ Best Practice
- Policy and management information and research literature
- Resources purchased nationally and locally
- One-click links to full-text, request a copy or contact an NHS library

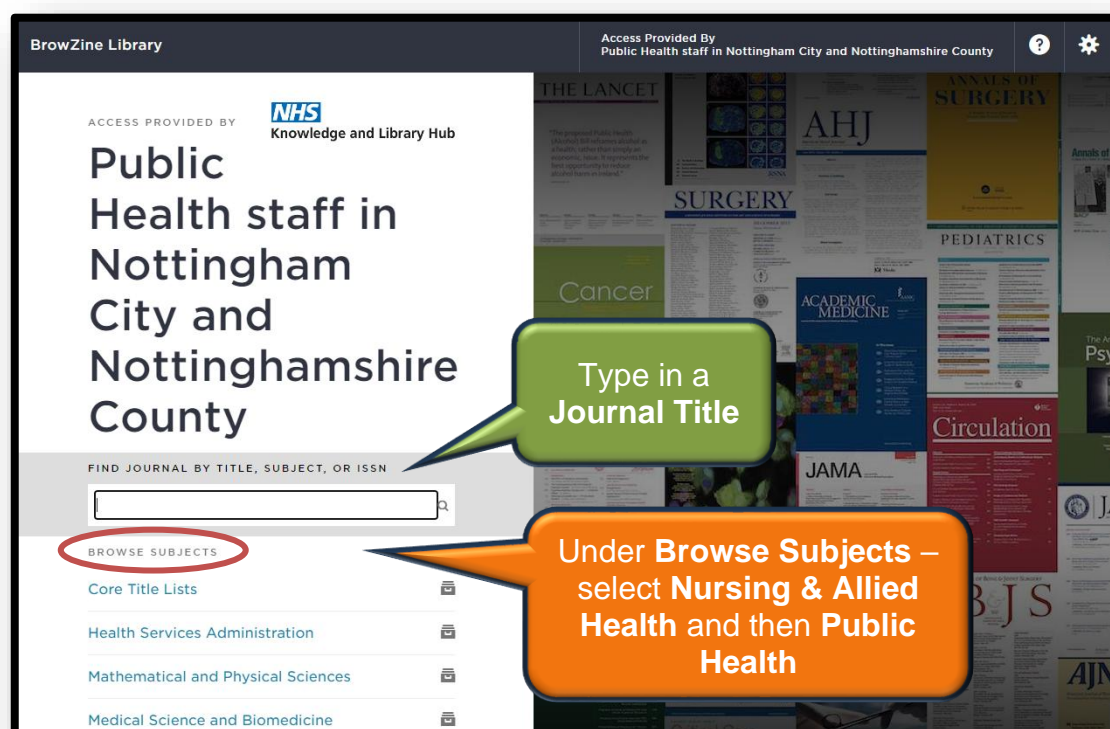

Go to <https://library.nhs.uk/knowledgehub/> and click on **Start your search**

EJOURNALS

Go to the [NHS Knowledge and Library Hub](https://library.nhs.uk/knowledgehub/), click **Start your search** and sign in with OpenAthens.

On the left-hand pane under **Essential Links**, select **Browse Journals**.

FURTHER RESOURCES

The [NHS Knowledge and Library Hub](#) provides access to a range of quality sources including:

- Clinical databases such as Medline and CINAHL
